

Bjørn Berge announces new album "Introducing SteelFinger Slim" with international release in January 2024

Oslo, [Date] – Renowned Norwegian blues artist Bjørn Berge is thrilled to present his upcoming album titled "Introducing SteelFinger Slim." This exciting album, set for international release in January 2024, marks a new musical direction for Berge as he introduces his alter ego, SteelFinger Slim.

"Introducing SteelFinger Slim" will feature a collection of 10 songs, including 6 original tracks written by Bjørn Berge himself and 4 exciting cover versions of well-known classics. This album captures SteelFinger Slim's raw and powerful interpretation of the blues, showcasing Berge's versatility as an artist.

With his distinctive style, Berge, alias SteelFinger Slim, delivers an immersive experience with his solo guitar and vocals. The album was recorded in one day in May at the renowned ABC Studio in Etne, where Berge and his team captured the energy of the moment and created an authentic expression.

Bjørn Berge has already established himself as one of Norway's most respected blues artists, having won two Spellemann Awards for his music. With "Introducing SteelFinger Slim," he takes his artistic expression to new heights, exploring different nuances of the blues genre. This album will undoubtedly attract both longtime and new fans of Berge's music.

The album will be released on the esteemed Norwegian record label Grappa, which has a long history of supporting and promoting talented Norwegian artists. The collaboration between Berge and Grappa ensures that "Introducing SteelFinger Slim" reaches a broad international audience, allowing listeners to enjoy the high production quality the label is known for.

Bjørn Berge and his team are looking forward to presenting "Introducing SteelFinger Slim" to the world, and they are confident that the album will be well-received. Further information about the release and upcoming concerts will be shared in the near future.
